

## Press release

### **Cabotine Delight**

Special Edition, Eau de Toilette 50ml Vaporisateur

### **Delicious trail of scent**

---

The classic ***Cabotine by Parfums Grès*** once more shows the thousand facets of which this successful fragrance is capable. A new interpretation, delicious and mature of fresh-fruity floral notes enlightens the brands' portfolio.

***Cabotine Delight***, is the trail of scent that this self-confident, natural young woman left behind her pleasing presence. She leaves her mark, is playful, sociable, hence considerate and compassionate. ***Cabotine Delight*** is the invisible ingredient of her charming attitude that touches everyone who witnessed her appearance.

The fragrance is juicy, delicious and sophisticated. Sparkles of Grapefruit and Blackcurrant as well as Green Apple and Flower Peach enlighten the Top Note like a colourful fruit basket in spring. The Heart Note which is absolute sensual, brings in a combination of powerful exotic flowers like Carnation, Ylang Ylang and Tuberose. The solid foundation and sophisticated firmness of the fragrance lies in the Base Note with woods, amber and musk components.

Perfumer Richard Ibanez created a joy to behold and to please the senses. The appearance of this young lady in his mind, her romantic way to say hello, her healthy self-esteem and unforgettable presence inspired him to select purely delicious ingredients. ***Cabotine Delight*** is a surprising way to revisit Cabotine, maintaining the original bottle and its iconic stopper in the image of a bunch of little flowers. It appears with new colour codes in a fresh and sparkling lime-yellow decorated with a fancy adornment on packaging and bottle.

A bright invitation to discover a truly delightful fragrance!

***Cabotine Delight*** is available as from Beginning of April 2008 in a limited edition in selective perfume outlets and department stores worldwide.
